

LLWU Peripheral Access
Layer

LLWU Register Masks

```
graph RL; A[LLWU Register Masks] --> B[LLWU Peripheral Access Layer]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is white with a black border and contains the text 'LLWU Peripheral Access Layer' in two lines. The box on the right is gray with a black border and contains the text 'LLWU Register Masks' in one line. A black arrow points from the right box to the left box.
